

Description

Use this handy hydraulic clamp with a trenching bucket or 3-tine grapple to get a good grip on broken concrete, tree stumps and other odd-shaped objects. When not needed, the clamp can be completely retracted onto the inside of the dipperstick and will not interfere with normal digging activities.

Main features

- Hydraulically actuated
- Pick up and move broken concrete, tree stumps and other odd-shaped objects.
- Retractable when not in use - No downtime.

Applications

- Agriculture
- Construction and Demolition
- Forestry
- Landscaping
- Lifting and Handling
- Road work, Recycling and Cleaning
